INTO
FILM

BIG

DREAMS

ON SCREEN

COMPETITION!

DRAW A STORYBOARD OF YOUR BIG DREAM!

The winning entry will be turned into a real film and screened in your local cinema during the Into Film Festival in November, plus you'll win 80 Puffin books for your school! Get your entry form and storyboard template at [IntoFilm.org/DreamCompetition](https://www.intofilm.org/DreamCompetition)

STEP 1

Decide your big dream – it could be based on your own personal goals, be totally extraordinary or even be inspired by your favourite Puffin book.

STEP 2

Draw your dream as a storyboard. A storyboard is like a comic strip that tells the director what's happening in your film. You could use the boxes to draw the beginning, middle and end of your film. Think about where your dream is taking place and what might happen. You don't have to use all the boxes – the judges will be looking for ideas with lots of imagination!

STEP 3

Send in your entry to puffinschools@penguinrandomhouse.co.uk with Big Dream in the subject line or post to Big Dreams on Screen, Penguin Random House Children's, 80 Strand, London, WC2R 0RL. Competition closes 3 August.

PUFFIN FILM WATCH LIST 2020!

How many of your favourite films started as a book? This year you can see all these Puffin books brought to life on the big screen – will your film be joining them?

A cardboard box is one of life's greatest gifts to anyone caring for a child, and in this age of online ordering I find they are plentiful in our house. Below are some of the things we've done with boxes. (Of course, you can also just lob one at your kids and let their imaginations run wild!)

1. JUNK ROBOT 3+

Grab a big box, then get a load of random bits and bobs out of the recycling bin – small boxes, bottle tops, plastic bottles, bits of foil, etc. Then put it all together to create a robot! Use masking tape to stick things on. If you have stickers, use them to make controls and buttons. Great fun if you also cut holes for a person's head and arms in the big box, then let your little one become the robot!

2. RAMP RACE 2+

Flatten out a big box by cutting through one edge, then write START and FINISH at either end. Set it up as a ramp off a sofa or chair, then race toy cars or trains down it either end. Set it up as a ramp off a sofa or chair, then race toy cars or trains down it. Who will win?

3. GUESS THE TOY 3+

Cut a hole in one side of a box that's just big enough to fit a child's arm through it. Then put five toys inside the box and close the top. Get your little ones to poke their arm inside and describe what they feel. Can they guess which toy is which?

Daisy Upton has two little kids. She loves them - but they drive her mad.

So, to try and keep her sanity she started to come up with quick, easy games using stuff from around the house. And @FiveMinuteMum was born.

In her first book, she has collected 150+ games that take 5 minutes to set up and 5 minutes to tidy up and as Daisy was a teaching assistant, your little ones will be learning while they play! What could be better?
