SPARK

A NEW MYSTERY FOR THE TWITCHERS!

Birdwatching detectives The Twitchers are back in Spark, the follow-up to M. G. Leonard's award-winning Twitch!

Did You Know?

Bearded vultures are the only known animal to feed almost exclusively on bones! In fact, around 80% of their diet consists of bones that they have scavenged from carcasses they have found.

Finding Feathers

How many feathers like this can you find on both pages?

Footprint Evidence

Unscramble the letters to uncover which bird each of these sets of footprints belong to.
